PRESIDENT'S MESSAGE

Ah, spring, a time for renewal, new growth and hope. The weather turns warmer, the days get longer, and the snow melts, revealing green grass, blooming flowers, and trees begin to flourish again. It's hard to imagine that last year at this time, we were about to face one of the biggest challenges of our times, yet here we are a year later.

With spring fever upon us, you may feel the call to get out and do something. HealthCare Associates is here to help you achieve whatever goals you set for 2021. Whether it's renovating your home space for remote work or eLearning, getting your patio or outdoor area ready for a summer of fun, or just looking out on the horizon for your next big trip (when it's safe to do so), HACU is ready to assist.

We're sure there are many questions you have, and our team of experts is here to help you get answers and find solutions. Here are some common questions we've been getting:

- With mortgage rates being so low, should I look to refinance my home?
- I'm working from home and need to turn my extra room into an office, can you help?
- I want to renovate my backyard for the kids but it's expensive, can you help?
- I'm looking to buy a home in this market; what are the financing options?

The answer to this and many other questions is yes. HACU is here to be your financial guide through your fiscal journey and here to help make your dreams happen. We want to help you achieve the goals you set for yourself and your loved ones. With April as Financial Literacy month and Youth month, we are looking at ways we can enrich your life with the solutions and services we provide.

And don't forget about our new Member Referral Program, where you as a member can earn \$25 (up to \$500 in a year) for every new member you refer! You can save up for that summertime experience quickly by sharing the Healthy Way to Bank with your friends and loved ones! Plus, with HACU being nationwide, your money is always close at hand, regardless of where you live or where your travels may take you. And if they aren't a member of one of our Healthcare-focused employers, they can still join by making a tax-deductible donation to our partner, CU4Kids, which benefits Children Miracle Network Hospitals across the county.

As always, thank you for your continued trust and your relationship, especially in these current times. As we move forward, we welcome the opportunity to help you achieve your goals and are here to answer any questions you may have.
